

Non-stick coating for easy release & cleaning

Set Includes: 3 - 11 1/4" H x 4 1/2" W x 1 3/8" D pans
& batter dividing bars to separate colors

CHECKERBOARD LOAF PAN SET

Basic Instructions:

Wash all parts before first use. Prepare cake batters according to package directions, or your favorite recipe. You may use two different flavors, or prepare white cake mix and use food coloring/flavoring for unique color/flavor combinations. For best results, generously spray pans with your favorite baking spray. Do not fill individual pans more than half full. Use cake dowel rods for added cake stability (not included). Prepare cake batters according to package directions. Either use two flavors, or customize your own!

Step 1 & 2:

Generously spray pans with your favorite baking spray. Place space bar into prepared pan. Spoon first flavor into center section. Spoon alternate flavor into both sides. Do not fill pan more than halfway with cake batters.

IMPORTANT!

CAREFULLY lift the divider straight up and out of the pan. Clean the divider BEFORE re-using for the next pan.

Step 3:

Repeat Steps 3 & 4. Fill the last pan with the opposite flavors. You will have two identical pans and one unique pan. Bake according to your recipe. Cool cakes before assembly.

Steps 4, 5 & 6:

Place the first layer on a serving plate. Choose one of the identical layers to begin. Next, place the unique layer in the middle. Place the final layer on top. You may frost or fill between layers.

Step 7:

Frost and decorate as desired. To frost as pictured, use 2 cans of your favorite frosting.
