

# Multi™ All-Purpose Corkscrew, Bottle Opener, and Cap Lifter

## OPENING CORKED BOTTLES:

1. Raise the lever "A"; pull out the worm "B" and insert into center of cork.
2. Screw in the worm "B" using a light pressure.
3. Place the lever "A" on the neck of the bottle holding it firmly with your left index finger and pulling up lever "C".

## OPENING SCREWTOP AND CHAMPAGNE BOTTLES:

1. Raise the top section of the handle "A".
2. Position the grippers "B" around the screwtop lid. Grip the handle firmly together and rotate to twist the lid off.

**CAN ALSO BE USED AS A NUTCRACKER.**
