

Lettuce Keeper

Features / Benefits

- Wash and Store Fruits and Vegetables
- Adjustable Air Vent Controls Air Circulation and Moisture
- Container Doubles as a Colander

At Progressive our goal is to make your busy life easier with innovative products for your kitchen. The Lettuce Keeper provides the ideal environment for storing produce in the refrigerator.

To Use

- Before first use wash with warm water or in top rack of dishwasher.
- Remove top and bottom lids before washing produce.
- Divider can be stored underneath the top lid when not in use. Snap holes of the divider onto the corresponding pegs of the lid.
- Attach bottom lid when washing is complete. If needed, add approximately 1/4 cup of water before storing produce in refrigerator. **Please consult guide on the right for reference.**
- Rotate adjustable vent to open or close to provide the ideal environment for storing produce in the refrigerator. **Please consult guide on the right for reference.**

Cleaning

- Top rack dishwasher safe.

Tips

- 🚰 Indicates that the produce should be stored with added water in the base.
- Do not store apples and other produce together in container.
- Garlic, onions, potatoes and winter squash are not recommended for refrigerator storage.
