Recycling Guide for the  
Residents of Lebanon County

# Recycling *Roundup*

2008 - 2009

## Litter... YOU Can Make a Difference!

IMAGINE...What if all 120,327 people of Lebanon County picked up one piece of litter each day? How would Lebanon County change? What if you did this one simple thing each and every day...How might you feel about yourself at the end of the day? You are invited...**NO! YOU ARE CHALLENGED** to participate and make a tangible, daily difference in Lebanon County!

Before anything else, we suggest to just do it! That is, to pick up a piece of litter each day. If you tell people about your daily habit, you will surely inspire at least a few more supporters. Over half of the people who hear about this will find themselves picking up one piece of trash within a few weeks. The idea is simple and catchy and can work! So one piece per day...It's a small start...**BUT** we have to start somewhere! Simply to just pick up **ONE** piece every day...**JUST ONE** piece of litter...What a difference we can make!

Pick up a piece of litter every day while walking down the street or riding a bike, hiking along a stream or in the woods, fishing, boating, playing in the park or on a school playground, in a parking lot or anywhere else...If we all pick up **JUST ONE** piece of litter every day, Lebanon County, Pennsylvania will be cleaner and more beautiful...**IMAGINE...**

A Composting Guide for the Residents of Lebanon County

2008 - 2009

The Scoop

## Here's the Scoop on Leaf and Yard Waste

Leaf and yard waste is something every homeowner eventually needs to dispose of. But did you know that it can be recycled...NATURALLY! By throwing it away with the normal trash we are sending it to a landfill where it is using up unnecessary landfill space meant for trash that cannot be recycled. Leaf and yard waste can be recycled into compost which can be used over and over again as food for the earth. Leaves, grass clippings, branches and garden wastes can be composted into a rich soil additive called humus which naturally fertilizes the soil.

This newsletter will hopefully provide you with valuable information when you are raking those leaves and cleaning up the yard. Inside you will find information on municipal leaf and yard waste collection programs that exist in Lebanon County. If your Township or Borough is not listed in this newsletter, then it does not have a program for leaf or yard waste. If your municipality does not have a program, we have provided information below on how to dispose of your leaf and yard waste. Just Remember...COMPOST... It's Recycled, NATURALLY!

### Where to Dispose of Leaf and Yard Waste?

#### Leaf and Yard Waste Disposal at GLRA

Any resident or business of Lebanon County may dispose of leaf and yard waste at GLRA's Compost Facility located at 1610 Russell Road, Lebanon. The cost to dispose of leaf and yard waste is **\$10** for up to **660 pounds** or **\$30/ton**. A GLRA licence is required. A tarp is required.

#### Business Hours to Drop Off

**Monday - Friday**      **7:00 AM - 3:50 PM**  
**Saturday**              **8:00 AM - 11:45 AM**

GLRA only accepts the following materials:

- Leaves
- Shrubbery
- Branches
- Grass Clippings
- Tree Trimmings
- Garden Residue
- Tree Limbs under 5 inches in diameter
- Clean Wood/Lumber
- Wood Pallets/Skids
- Untreated, No Paint, No Preservatives!

# Household Hazardous Waste and Electronics

## Call 1-800-449-7587 For A Home Pick-Up Today!

Are you looking for information on how to properly dispose of old lawn and garden chemicals, automotive fluids, paints, pesticides and poisons? You know the items that you cannot put out with the regular trash, pour down a drain, or dump into the ground out in the backyard. Lebanon County residents may arrange for a home pick-up of these and other household chemicals for **ONLY a \$15 Co-Pay!**

When you have your Household Hazardous Waste collected, you may also dispose of your unwanted computers, monitors, TV's, and printers for the same \$15 co-pay. There is a limit of up to 3 complete computer systems (CPU, monitor, printer, keyboard, mouse) and/or TV's plus other electronic equipment such as scanners, tabletop copiers, VCRs, and stereos.

If you are an elderly and/or disabled resident and unable to gather the household hazardous waste materials for yourself, the contracted Household Hazardous Waste collector, Curbside Inc., will come into your home and do the work for you! Just make sure to let them know your limitations when calling to schedule your pick-up! **Please note that the assistance is available for packing household hazardous waste materials ONLY, NOT for the electronics.**

To schedule a home collection of household hazardous waste and electronics, call Lebanon County's Household Hazardous Waste Hotline at 1-800-449-7587.

**DUE TO THE SIGNIFICANT COST OF FUNDING THIS PROGRAM, EVERY LEBANON COUNTY HOUSEHOLD IS LIMITED TO ONE PICK-UP PER YEAR.**
